1 General Information

1.1 Preamble

The Organization and Sporting Code (OSC) of the Ju-Jitsu International Federation (JJIF), in conjunction with the JJIF Statutes, Financial Rules and the Competition Rules, is the binding document for the organization of World Championships, Continental Championships and all other competitions held under the responsibility and auspices of the JJIF. It is not allowed to deviate from the OSC, except with the approval of the JJIF Board, only for reasons beyond the control of the parties.

Specific procedures additional to the OSC will be issued for International Multi Sport Events (such as World Games, World Combat Games, Asian Games, Beach Games etc.). In this case, the JJIF nominates Technical Delegates to advise the Multi Sport Events organizers (MSO).

The OSC serves as assistance and guideline for the organizers of national and other ju-jitsu competitions.

The organization of the World Championships and other international tournaments, hereafter International Event (Int-Event) approved by JJIF is the concern of the following bodies: the JJIF and the Ju-Jitsu National Organization (JJNOs) (according to the JJIF Statutes) which has been commissioned by a JJIF Session with the hosting of the World Championships.

The correspondent Continental Union is involved as a consulting party and supports both bodies.

The organizing JJNO must name a main organizer to deal with the organization of the Int-Event. The National Federation will, in any case, be responsible to the JJIF Board for the proper holding of Int-Event. The JJIF has final appellate jurisdiction.

Any JJNO hosting an Int-Event is required to work out a proposal concerning its organization on the basis of the OSC and the local conditions. The proposal must be submitted for approval to the JJIF Sports Director before the application deadlines defined in Section 2.1.

The holding of an Int-Event and the work of the referees will be supervised by a person delegated by the Technical Commission. Hereinafter, the generalities for all disciplines will be described. The rules of those disciplines can be found in the respective rule books.

The term “athlete” will be used for individual athletes as well as for couples, for example in the discipline Duo or Show.

1.2 Clean Sport

Integrity, discipline and ethics are core principles in our sport, both on and off the field of play, referring to the JJIF Code of Ethics.
1.2.1 Match Fixing and Competition Manipulation

The integrity of sport depends on the outcome of sporting events and competitions being based entirely on the merits of the participants involved. Any form of corruption that might undermine public confidence in the integrity of a Ju-Jitsu contest is fundamentally contrary to the spirit of sport and subject to severe sanctions.

The JJIF has Rules dedicated to Sports Integrity in relation to betting.

There are four core rules to remember:

- Always do your best, never fix a contest.
- Never bet on your competition, never bet on your sport.
- Never share information that could be used for betting purposes, any form of manipulation of sports competitions or any other corrupt purposes, whether by the participant or via another person and/or entity.
- If you are approached to cheat, speak out!

Competition manipulation is defined as an intentional arrangement, act or omission aimed at an improper alteration of the result or the course of a sports competition, in order to remove all or part of the unpredictable nature of the sports competition, with a view to obtaining an undue benefit for oneself or for other. If a contest takes place and seems to have been played to a predetermined result, violating the JJIF rules, further investigation may be undertaken and any findings of match fixing will result in disciplinary action.

If in JJIF events (individual or team), an athlete is injured or ill before a contest and needs to withdraw, they must have a medical certificate either from the JJIF Medical Commission or the JJNO-approved doctor.

The JJIF may undertake further investigation and any findings of match fixing will result in disciplinary action. The result of the contest will be cancelled if any athlete is caught not telling the truth.

1.2.2 Safeguarding Participants from Harassment and Abuse

This policy applies to all persons affiliated with the JJIF, including athletes.

“Harassment” or “harassment and abuse” includes physical or psychological abuse and sexual abuse (which can be a form of physical and/or psychological abuse). “Physical or psychological abuse” means any improper and unwelcome conduct that might reasonably be expected or be perceived to cause offence, harm or humiliation to another.

“Sexual abuse" means any unwanted, groomed or forced involvement in sexual behaviour, unwelcome verbal or physical conduct or gesture of a sexual nature (e.g. the use of offensive stereotypes based on gender, sexual jokes, threats, intimidation) that might reasonably be expected or be perceived to cause offence or humiliation to another.

Harassment can be based on any grounds such as race, religion, colour, creed, ethnic origin, physical attributes, gender or sexual orientation. It can include a one-off incident or
a series of incidents. It may be in person or online. Harassment may be deliberate, unsolicited and coercive. Harassment and abuse often result from an abuse of authority, meaning the improper use of a position of influence, power or authority by an individual against another person.

Cases of harassment and abuse can be reported and will be investigated by the JJIF Ethics Commission, in compliance with the JJIF Ethics code.

Any alleged incidents of harassment and abuse will be regarded as confidential and personal information (including in particular name, date of birth, address, identification numbers) will not be disclosed, except, for example, if the concerned person gives his prior consent, if disclosure is necessary to protect someone from harm or if a potential criminal act comes to the attention of the JJIF.

More details about the safeguarding athletes from harassment and abuse can be found in the JJIF safeguarding policy.

1.3 Disciplines, Divisions and Categories

The competition rules of the disciplines can be found in the respective rule books.

1.3.1 Disciplines

JJIF recognizes individual, couple and team competitions. The following disciplines are recognized by the JJIF:

- **Fighting System**: two athletes compete against each other in a sportsmanlike competition using kicks, punches, takedowns and ground fight. (Individual competition, Men and Women by weight).

- **Duo System**: presenting the defence of one athlete against a number of predetermined attacks from another athlete of the same team. (Couples competition, Men, Women and Mixed (one Woman one Man)).

- **Show System**: two teams present a choreography including self-defence and other budo elements. (Couples competition, Men, Women and Mixed (one Woman one Man))

- **Jiu-Jitsu/Ne-Waza**: ground fight, with locks, strangulations and ground control. (Individual competition, Men and Women by weight).

- **Mixed team competition**: a (national) team (Men and Women) competing in one or more disciplines, as defined in the invitation to the event. (Team competition)
1.3.2 Age Categories

The following age categories are recognized by the JJIF:

<table>
<thead>
<tr>

<th>Age Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>Masters</td>
<td>Older than 35 years</td>
</tr>
<tr>
<td>Adults (+18)</td>
<td>Older than 18 years</td>

<tr>

<td>18/19/20 years old</td>
</tr>
<tr>
<td>U18 (+16-18)</td>
<td>16/17 years old</td>
</tr>
<tr>
<td>U16 (+14-16)</td>
<td>14/15 years old</td>
</tr>
</tbody>
</table>

Competitors will reach the age in the present year (from 1st of January to 31st of December)

No athletes having the age of less than 18 years old will be allowed to participate in the Adults’ World Championship of the JJIF. No athletes having the age of less than 14 years old will be allowed to participate in the events of JJIF (except as part of couple).

The entire U21 category (of proper aged-athletes) can participate in the Adults category. U18 can compete with U21; U14 are not allowed to compete in U16 (except as part of a couple, see section 1.3.2.1). A competitor can participate in only one age category in the same tournament. Even if the categories are on different days, but within the same event, the same athlete cannot compete in both age categories.

1.3.2.1 Couples disciplines (Show and Duo):
With respect to the ages of the athletes making up a couple:

If the two couple members belong to different age categories, the couple will be registered for the age category of the older athlete.

However, a couple made up of one U18 and one U21 can only compete in U21, not also in Adults (the U18 Athlete, although member of a U21 team, cannot jump over two age categories and compete with the Adults. The same is true for couples composed of one U16 and one U18).

1.3.2.2 Children Categories
For children younger than 14 years old, JJIF recommends to the JJNO to use the following age categories in their events. Recommendations about children events are given in the document regulation for youth.

An athlete may not be registered in more than one weight category, i.e. the category to which he/she belongs or the one immediately higher.
1.3.5 Gender Control

Control of an athlete’s gender is the responsibility of the National Federation. The JJIF will apply the current IOC recommendation. Any decisions of a member National Federation concerning an athlete’s gender must be communicated immediately to the JJIF President. Any official complaint by JJNO concerning an athlete’s gender must be sent to the JJIF President.

On the basis of the official complaint, the JJIF Board will decide if it is necessary to follow up on this complaint and to bring it before a Gender Control Commission. The JJIF Board can also call out to the JJNO of the athlete concerned so that they decide on the gender of the athlete concerned.

A Gender Control Commission is composed of a doctor competent in the field of gender reassignment, a jurist and a member of the JJIF board appointed by the JJIF President. This commission will be able to call on experts recognized in this field.

All decisions made by a member National Federation about an athlete’s gender must be submitted exclusively by the athlete concerned to the JJIF Gender Control Commission in the case of a contestation.

1.3.6 Underaged Athletes

The National Federation is responsible for obtaining legal approval and permission for underaged athletes to compete in competitions. When travelling with minors, the team official/coach must have all the necessary documents in place that authorize them to act on behalf of the parents/guardians “in loco parentis”.

This also applies to doping testing. The National Federation must ensure that underaged athletes have their parental/guardian permission to undergo testing (see JJIF Anti-Doping code)

1.4 Competition Dressing and Personal Requirements

The competitors shall wear a good quality white Ju-Jitsu Gi which must be clean and in good order. Additional personal requirements (protective gear) for disciplines shall be defined in the respective rules.

They shall wear red or blue belts depending on their position in the braked.

- First contestant = red colour belt and red protective gear
- Second contestant = blue colour belt and blue protective gear

The belt shall be tied with a square knot, tight enough to prevent the jacket from being too loose and long enough to go twice around the body and leave about 15cm of the belt on each side of the knot.

No shoes shall be worn in the contest area and all contestants will compete bare foot

---

1 If a competitor will not follow this rule, he is not allowed to start the match. He has the possibility to change the complained items of equipment and to show up again within 2 minutes.
The jacket shall be long enough to cover the hips and be tied around the waist by the belt.

The sleeves shall be loose enough to grip and long enough to cover half of the forearm but not the wrist. The sleeves may not be rolled up.

The trousers shall be loose and long enough to cover half of the shinbone. Trousers legs may not be rolled up.

Female competitors are required to wear a plain white T-shirt or leotard under their Gi. Men are not allowed to wear anything under their Gi-jacket.

The competitors must have short fingernails and toenails.

Glasses may not be worn. Contact lenses may be worn at own personal risk.

Long hair must be tied up with soft hair-band.

Regulations about sponsor areas, patches and stitching in the Gi are described in appendix 10.7

### 1.5 Challenge and Appeal

There are two possibilities to oppose against the outcome of a fight or a situation in a fight.

A CHALLENGE shall lie against any breach of the competition rules which could have reasonably changed the outcome of the contest and are happening between the start and the end of a single fight. A challenge cannot be made after the fight has ended by the referee, but only during the ongoing fight, as defined in Section 1.5.2.2.

An APPEAL shall lie against any part of the competition rules, which are not challengeable. It shall be made after the fight has been ended, and cannot be used as an alternative for the challenge.

#### 1.5.1 Appeal

An APPEAL shall lie against any part of the competition rules, which are not challengeable, as defined in Section 1.5.2.1 and happen outside the time of the match.

Examples could be, a different person was fighting the match than it should have been, wrong drawings and wrong placement in a draw, referees from same countries like one of the athletes, ....

#### 1.5.1.1 Appointment of Appeal Committee

The Appeal Committee of the event is composed of 3 persons appointed by the JJIF President or in his absence, the next highest-ranking official of JJIF and the JJIF Sports Director. Any of the afore-named may sit on the Appeal Committee.

Any member of the Appeal Committee shall withdraw and be replaced by an adhoc member appointed in the same manner as an appeal committee member, if any of the
participants involved is from the same country as the said member. If there is no adhoc member, the Appeal Committee may validly deliberate with 2 or even 1 member.

1.5.1.2 Scope and Grounds of Appeal
The appeal should be made without any disrespect to one and all. Refusal by a contestant to leave the mats when called upon to do so by the referee or in case of any kind of unacceptable behavior/misconduct committed by a contestant, his coach or an official shall result in loss of the right to appeal.

1.5.1.3 Fee
A refundable appeal fee of US$ 50 must be paid to the JJIF Sports Director or such other designated person before the appeal is filed. The fee shall be refunded only if the appeal is successful; otherwise it shall be forfeited and be remitted to JJIF.

1.5.1.4 Time of Appeal
An appeal must be announced and filed in writing in a prescribed form if available, either before (if possible) or immediately after the contest during which an alleged breach has occurred at the designated place at the main table where appeals shall be registered. It is not possible to appeal between the beginning and the end of the fight.

The appeal must be confirmed within 10 minutes as from the time of filing of the appeal, in writing in a prescribed form, if available stating the grounds or reasons of the appeal. If the appeal is not so confirmed within 10 minutes, the appeal shall lapse.

1.5.1.5 Suspension of competition
As from the time of filing the appeal, the competition in that category may continue but matches that will depend on the outcome, and possible will be skipped.

If possible, the fight is marked in the (electronic) score form, in order to inform other participants about possible changes.

1.5.1.6 Evidence
A video system put in place by the JJIF or the organizer of the event to assist the referees for the event shall be the primary evidence which the Appeal Committee shall consider in determining the appeal.

If there is no video such video system put in place by the JJIF or the organizer of the event to assist the referees for the event, it shall be the responsibility of the appealing party to produce evidence supporting his appeal.

Such evidence shall be reliable and relevant and constitute clear evidence of the breach complained of. They may consist of videos, testimonies/admissions of parties, referees etc…

The weight to be attached to such evidence shall be determined by the Appeal Committee.

The Appeal Committee may consider such other evidence produced by any other party or which it may have gathered of its own and may call upon such person whom, it is of the opinion, may assist the Appeal Committee, to testify.
1.5.1.7 Outcome of Appeal
The Appeal Committee shall be successful only if the breaches complained could have changed the final outcome of the contest.

The Appeal Committee shall decide on the consequences of a successful appeal with regard to the impugned contest depending on the nature of the appeal: Restart of the whole contest; awarding the victory to the successful appellant…

The decision of the Appeal Committee shall be final.

1.5.2 Challenge
The challenge is an interaction between the referee and the coach with the goal of changing the result of a specific situation within a fight. The challenge must happen between the start and the end of the fight.

1.5.2.1 Challengeable Situation
There are the following situations which are challengeable:

Everything that will change the result of the fight for example

- Technical mistakes, for example the awarded point is wrongly shown at the screen, non-running/running of the time
- Given penalties, for example hard contact, passivity.
- Awarded points
- Etc.

A challenge can’t be over challenged

1.5.2.2 Procedure
With standing up from its chair and raising the accreditation card of the athlete, the coach can start to demand the challenge.

For the Jujutsu Fighting and Duo System the next “Mate”/”Hantai” situation the referee will approach the coach. For the challenge, the specific situation that the coach wants to challenge has to be clearly described within one or two sentences. The situation shall not have happened before the last “Mate” / ”Hajime” / ”Hantei” situation.

For the Jiu-Jitsu System the referee shall announce “Stop”, when the athletes are in a stable, recognizable position to stop the match temporarily, the contestants are not allowed to move anymore. The referee will approach the coach. For the challenge, the specific situation that the coach wants to challenge has to be clearly described within one or two sentences.

The referee asks the coach if he/she want to challenge the situation. If the coach says “yes”, and the athlete shows his/her agreement, the challenge is started and the referee takes the accreditation card of the athlete. If the athlete does not agree with the starting of the challenge it will not be started.
• In case an athlete does not agree with the starting of the challenge for the third time in a match, it will be considered as a negative outcome of the challenge.

The described station might be rechecked by the video, if needed

The challenge can only change the outcome of the challenged situation, but no other part of the checked sequence.

After the challenge the referee has to show the outcome of the challenge to the fighters and the audience using the standard referee signs. If the challenge changes the outcome of the described situation it shall considered as positive challenge. If it does not change the outcome of the described situation it shall consider rejected.

If the video system allows that, the challenged situation shall be shown on the scoreboard screen while/after the result of the challenge is announced.

1.5.2.3 Preventing Misusage
To avoid the misusage of the challenge the following system shall apply

Every athlete will get 2 markings on his accreditation card (per discipline)

If the coach makes a challenge the accreditation card\(^2\) is given to the man referee

- If the challenge is positive and the accreditation card is returned to the coach.
- If the challenge is rejected and one marking of the accreditation card will be crossed out/punched out in the athlete’s accreditation card before giving the accreditation back, to identify that for this athlete no further challenges are possible.
- The second marking can only be used for a medal fight. Even though the first marking is not used it will be not usable for the medal fight.

1.6 Insurance and Civil Liability

Each National Federation is directly responsible for its athletes (including the control of non-pregnancy). It must assume all responsibility for accident and health insurance, as well as civil liabilities, during all JJIF events, for everyone under their charge.

\(^2\) In case of a duo couple, both cards with be used

The notation shall be signed by the Weigh-in Official in charge and a member of the respective athlete’s delegation. The athlete shall be excluded from the competition.

3.5.2 Duo and Show systems

In the duo system, there is no need for a weighing. The duos do have to register with an official passport or ID card. The registration can also be made by another official person of the same JJNO.

3.5.3 Fighting and Ji-Jitsu systems

Each fighter must go to the weigh-in before he or she can participate.
3.6 Recommendations about the requirements of the press

The press gallery, which must be inaccessible to any person without a press badge, will be preferably situated in the centre of the competition venue, in the middle between the competition areas; it shall provide enough seats (20-30) equipped with shelves and wall-sockets.

The press area in front could be used by TV for broadcasting, the area in the rear being re-served for the writing press. This area must be secured.

In front of the press gallery, inside the competition area, there should be an official zone for interviews and presentations of medallists and VIPs.

A working room with tables, chairs and wall-sockets shall be provided. Within this room, the telecommunication unit shall be installed. The journalists shall pay for their private lines and, of course, for their communications.

Efficient and immediate result service shall be instituted; messengers to the press gallery will distribute the results of the competition. In order to assure an orderly distribution and use of the results, they will be made available after each round in each weight category. At the end of the World Championship, a complete survey of results shall be distributed to the journalists.

The photographers (for better identification they should be provided with a "special jacket") shall be placed as close as possible to the mat, on the same side as the TV cameras, in order to not have the latter inconvenienced by flashes. Between 10 and 20 places shall be provided for photographers (depending on the organizing country), without obstructions within their field of vision (no referee tables in front of them, no obstructive passages). The minimum lighting for the mats shall be 1500 lux; however, 1800 lux would be better.

The Organizing Committee shall be responsible for making such facilities available.

The press service of the World Championship shall be provided by a Press Officer, to be designated by the Organizing Committee. It is recommended that the Press Officer is a journalist. A representative of the International Sport Press Association and the JJIF Media Commissioner will maintain liaison with the Organizers and the press officer in case of problems concerning professional duties and will assist the press officer in performing his duties, responsibilities and assignment.
4 Drawing

To ensure a fair competition, the JJIF will perform a combination of random draw and seeding (as defined in Section 4.5).

4.1 Generalities

The drawing procedures for all JJIF events are under the control of the JJIF Sport and Referee Directors.

There are two types of Draw possible:

- **Individual Draw**
  Each individual category will be shown publicly. First individual athletes will be seeded according to Section 4.5. Then the random draw is performed. After this, the procedure is repeated for the next category. Maximum two delegates per National Federation may attend the draw.

- **Draw en block**
  In case of the draw in block, all categories are drawn at the same time, including the seeded and the random places.

The materials required for the draw shall be provided by the Organizer.

Immediately after draw has been finalized, the drawn categories shall be made available online. After this, the JJNOs have the right to request minor changes in the following 2 hours, but in any case, before the competition starts. Major changes must be requested according to section 4.3.

4.2 Fight order

For the participants, an optimal fight order is a good balance between enough time between two fights and not too much. It is best that the different fights don't follow too soon, so the participants can recuperate. On the other hand, there shouldn't be too much time between the fights, to avoid cooling down and having to warm up again.

Between two fights of the same athlete, there should be at least one other fight or a break of 5 minutes.

To assure a fluid course of the tournament, breaks between fights should be avoided, to the highest extent possible.

Therefore, trees should be processed in the order determined by the numbers of the fights written in the trees. If this is done, there should be no breaks, there is enough time between fights of the same athlete and the tree can be finished smoothly without any problems.

---

6 Wrong spelling, etc.
7 Wrong category, etc.
4.3 Need for redraw

If, after the draw was made, another athlete should be included in the category, a redraw should be made. At regional championships, the redraw can be made at any time. At official international championships, no redraw is possible, except for unforeseen cases, when the JJIF Board may decide a redraw.

A redraw can be requested max 2 hours after the draw was published, but, in any case, before the start of the competition, in writing, to the JJIF Sports Director.

If, after the draw is made, an athlete is excluded, he is disqualified in the respective category.

- The original draw will be displayed to the participants, coaches and public.
- The fight against the excluded participant is seen as ‘Fusen gachi’ (no-show). The opponent ‘wins’ the fight against the excluded athlete and the category continues without any changes.

4.4 Different possible competition systems

In order to ensure a fair and transparent competition JJIF will use 5 different official score forms to determine the winner, depending on the number of athletes within this category.

The tables for the different systems are shown in appendix 10.2

- Best-of-three for two (2) participants
- Pools: for three (3) to 5 (five) participants
- Combined pools: for six (6) participants
- Tree for seven (7) or more participants
- List and final four: Used for show systems

4.4.1 Best of three:

Both athletes compete each other at least two times. If both athletes win each one fight, a third and deciding fight is held.

4.4.2 Pools

In a pool, every athlete has to compete against all the other athletes in the pool.

4.4.3 Combined pools

Combined pools will be used if a category has 6 participants. In this system, the participants are divided over 2 smaller pools. These pools are finished like a normal pool of 3 participants. After the finishing of the small pools, the cross finals and final are held:
The winner of pool A competes in the Semi Final against the 2nd athlete of pool B and vice versa. The winners of these two fights go to the final to determine the winner and the 2nd place. The 2 fighters/duo’s who lost the cross finals get a shared 3rd place.

4.4.4 Double Elimination Trees

In the double elimination tree, an athlete has to lose two (2) fights before he is definitely eliminated and loses the possibility to win a medal.

The trees are made to avoid, as much as possible, that the same athletes have to compete against each other multiple times. However, this cannot be completely avoided.

If the athletes who will compete for the bronze medal already fought each other, the two athletes who enter the repechage tree as last will be switched. If this would lead to another fight, that had happened before no changes will be made.

All the fights in a tree structure are numbered. This has 2 purposes:

- To decide the order in which the fights have to take place (see also ‘fight order’)
- An athlete who loses his/her fight will get a second chance in the repechage. In the ‘repechage tree’, the number of the lost fight has to be looked up, as to determine where in this repechage tree the athlete will be placed

4.4.5 List and final four

This draw can be used for any show system, where athletes do not compete against each other, but as individuals.

In the list and final four draw, all participants are given a number. The athlete with number one has the first fight, the one with number two, the second, and so on. After each athlete has shown his performance (and the points have been awarded), a ranking of the athletes will be determined. The best four athletes will compete in a final block. In the final block, the athlete with the lowest points will have the first fight, the second lowest, the second, and so on.

4.5 Seeding

A seed is a predetermined position in a draw for an athlete. In theory, seeding should separate the strongest athletes in each category, so that they meet at as late a stage as possible, in the chosen method of elimination. On World Championships, the seeding is made by the use of the official JJIF ranking list, as defined in Section 7.

The four (4) athletes leading their category in the JJIF World Ranking List are placed in positions, as described in the following part. If one of the athletes is not present, his seeding position will be included in the random draw.

The tables in appendix 10.2 indicated the position of the athletes
4.5.1 Pools

In a pool, there is no real elimination because either way, every participant has a fight against all the other participants of the pool. Therefore, a seeding is not necessary in a pool.

4.5.2 Combined pools

If combined pools are used, the seeding will take place by placing the first and second person of a ranking list in the different sub pools.

4.5.3 Trees

In a tree, there are numbers placed at the sides, next to the place for the name of the participants. The first ranked athlete has to be placed next to ‘1’, the second next to ‘2’ and so on.

4.5.4 List and final four

In the list and final four seeding the numbers will be given according to the position in the ranking list. The lowest ranked athlete will be given the number one, the second lowest, number two, and so on.
5 Ceremonies and Awards

Official Ceremonies are a very important part of any Championship. Apart from the positive image of ju-jitsu, ceremonies are showing the perfect programming and order of the Ju-Jitsu sport.

Ceremonies are confirming the high level of ethics of the sport and the mutual respect between Athletes, Coaches, Referees and Officials of JJIF.

Athletes: Athletes on the podium will wear the white competition gi, without any additional materials on their persons (flags, religious symbols, bottles of water, slippers etc.), according to GAISF guidelines (See also rules).

6 JJIF Qualification System

Based on rules 41, 42, 43 and 45 of the Olympic Charter, the JJIF Qualification System aims to ensure that the principles of Universality, Performance, Host-Country Representation and Gender Equity, remain the focus for the JJIF participation in multi-sport international events such as “SportAccord Combat Games”, “World Games”, and others.

6.1 Principles

In addition, a number of other technical principles and rules have been established to provide a basis for the development of the JJIF Qualification System.

6.1.1 Universality:

The participation of all JJIF National Federation Members is the key factor for guaranteeing the universality of such an event. The number of places reserved per sport will be decided in agreement with the Event Organizing Committee and will be the main parameter of the technical principles and rules of the qualification system, in order to ensure that the maximum possible Ju-Jitsu National Federations - members from all five continents, will participate in the event. Each National Federation can participate with a predefined maximum number of athletes in all disciplines, with a balanced gender repartition, and with one athlete per weight category.

6.1.2 Performance:

The principle of performance will be ensured through the Qualification System developed by JJIF, which allows the participation of the best athletes through a fair and transparent process. Existing events and/or rankings already approved by JJIF should be used for the qualification, as well. A reasonable percentage of the quota shall be distributed on the basis of the performance within the continents and shall reflect the specifics of ju-jitsu as a sport, in terms of quota distribution between the continents.

6.1.3 Host Country participation:

In principle, the quota should include places for the participants from the Host Country. However, these places cannot be attributed automatically and should therefore be dealt with on a case-by-case basis, subject to athletes or teams reaching a minimum level of performance. The number of the host-country places will be decided in agreement with the Event Organizing Committee.

6.1.4 JJNO delegation:

JJNOs have the exclusive authority for the representation of their respective delegation at the Event. JJNOs have the right to send athletes, team officials and other team personnel to the event.
6.1.5 Allocation and re-allocation:

Following a confirmation on behalf of JJIF of the qualified athletes, which is to be done not later than two (2) weeks after the last qualifying event, each JJNO will have up to one (1) month to confirm to the JJIF that they will avail themselves of the obtained places. JJNOs that manage to qualify more than the maximum allowed number athletes will be asked to designate the final composition of their delegation. Provision has been made within the JJIF's qualification system for the reallocation of places not used by a JJNO, as well as for the unused JJNOs universality places.

6.1.6 Amendments:

If no agreement had been reached with the Event Organizing Committee, the JJIF Qualification System can be changed, with the approval of the JJIF General Session. In case such an agreement exists, then it shall not be changed without the approval of the Event Organizing Committee.

6.2 Qualification System

The process of qualification will be executed according to the following rules and the above-mentioned principles by a JJIF selection committee composed of JJIF board members and the Technical Commission. There are 4 forms of qualification.

6.2.1 Direct qualification from the JJIF Ranking List:

The qualification period is, in general, 24 months, but can be changed if needed.

The four (4) top ranked athletes who are over eighteen (18) years old at the qualification date (top of ranking list) will be entitled to a direct qualification for the programmed Multi-Sport International Event.

In case one or more of the best four athletes can/will not compete at the event, the next eligible athlete/s will qualify based on the ranking.

6.2.2 Host-Country Quota:

The athletes invited (wildcards) from the Host-Country. The number of the host-country places will be decided in agreement with the Event Organizing Committee

6.2.3 Continental Union Quota:

The remaining places are covered by the Continental Union quota, which allows no more than one (1) athlete per country (if eligible). This will guarantee that the maximum possible number of countries will participate in the programmed event. The number of places per continent is calculated as a percentage of the total JJNOs members of JJIF, with a minimum of two (2) places per continent (if eligible). The athletes shall be ranked and a selection will be done considering the position in the ranking system.
6.2.4 Qualifying participants from outside the JJIF World Ranking List:

In case the places should not be filled in through the above described procedures, or if the Continental Unions should be using the 2 minimum places, out of the JJIF World Ranking List, then the JJIF selection committee, would examine and assess the participation of the athletes proposed by the corresponding Union. These special cases will be considered with discretion, while the final decision will be made by the JJIF selection committee.

6.2.5 List of Reserves:

The List of Reserves will be made immediately after all qualifying places from the direct qualification, the Continental quota and out of the JJIF World Ranking List quota are being allocated; it is to be made up from the remaining athletes of the JJIF World Ranking List and the athletes proposed by the selection committee. The selection committee will be responsible for the List of Reserves, as well as for the final decision of replacements.
7 Ranking System

The JJIF Ranking List consists of points from the World Championships, Continental Championships, and World Ranking Tournaments for all JJIF disciplines.

JJIF will provide 2 types of ranking:

- **JJIF Qualification ranking**, which will be used for the qualification to Multi Sport events. Only one (1) result (highest points) will be calculated per group of qualifying events. Groups of qualification events are: a) World Championships, b) Continental Championships per Continent; c) Grand Slam tournaments

- **JJIF World ranking**, which will be used for the seeding as described in Section 4.5. In the JJIF World ranking all results achieved per category will be added.

In case a place is reached without a single win, the points according to participation / no win will be given, independent of the actual results.

8 Situations not covered by the JJIF OSC and the JJIF rules

Any situation which is not covered by the present JJIF Organization & Sporting Code or by the JJIF Rules and Regulations, shall be dealt with and a decision will be made by the JJIF Sport Director, JJIF President and/or the JJIF Board.

Events organized by umbrella-organizations (organizations to which the JJIF is affiliated) may enforce different organization rules, depending on the specific of the event.

9 Enforcement

The present Organization & Sporting Code rules are authorized by the Board of the JJIF and will come into force on January 1st, 2019. They will replace all existing rules.

10.1 Nationality

In the following cases:

(I) where the competitions are being held in a country in which the residents do not hold passports, while staying in that country;

(II) where there is a possible problem of a “joint citizenship”, e.g. Dutch Antilles and the Netherlands,

an acceptable substitute for the passport will be another form of picture-ID stating Nationality and/or residence. If an athlete has multiple citizenships, he/she can compete for only one country. In a case when an athlete changes his/her citizenship, he/she shall be excluded from participation in World Championships until the matter is settled and, in any case, at least for 3 years. If the two National Federations concerned agree, they may request the Ju-Jitsu International Federation to shorten the period of three years, even to cancel the duration.
